Purpose: - School clubs create small communities they attract people who share the same interest such as in music, arts, o r sports. Club activity help students develop sense of unity and team work, learning how to work with others in reaching the same goal. They help learners develop serial skills.

Importance of club activities in schools :- The goal of CBSE schools is to provide holistic education by balancing academics with extracurricular activities the syllabus is designed to make learning less stressful for the students without compromising quality. That's why our schools create various programs such as school clubs that cats to various interests.

1. Students learn from each other whether they are working on one project or separately, everyone is able to learn from each other during club activities, they are not only receiving in lights from this teachers or club advises but also from their classmates and press.
2. They let students discover the value of unity: - They clubs create small communities same attract people who show the same interest such or music, arts, or sports.
3. They help learners develop social skills: - Club enables students to meet, mix and collaborate with other students from different backgrounds in a different environment.
4. Students become more confidence and independent: - Our schools provide plenty of opportunities for students to take on leadership rules and show odd these talents through club activities.

5. Improve self confidence: - Contributing to the success of a club and participating in camps activities will not only. Give your transferrable skills but increase your self – confidence.

Club

The following clubs we organized in schools –
